

## “Connecting Science to Service” Putting **THE BASICS** into *Practice*”

Missouri CADRE for Co-Occurring Excellence  
Columbia, Missouri

*Friday, September 3rd*

**7:30 a.m. Registration and Continental Breakfast**

**8 a.m. - 4 p.m. Workshop**

We have the **System**, the **CCISC**, the **CADRE**, and the **Science**. Now...how do we connect to the **Service** and put evidence-based services into **practice**?

Consistency is essential in *any* profession. What if information *and* the treatment of diabetes were different from physician to physician? What if the *science* never reached the *service* delivery? Where is the credibility with inconsistency? Why would any person follow treatment recommendations that vary so widely? How can accurate outcome studies even exist?

It is completely understandable *why* the treatment of psychiatric and substance disorders varies from one professional to another, from agency to agency, and from group to group, even within the same facility. Service providers often work from outdated material. Many are still trying to integrate services with lesson plans that were previously designed to treat *single* disorders.

Consistency is crucial. It assures that no person or family member receives less than the most accurate and most helpful information. Yet, how can professionals – already overwhelmed with high caseloads – present evidence-based *integrated* treatment without the tools to provide it? **THE BASICS**, Second Edition - combined with Study Guides, CEU Programs, Curriculum Division Examples, and Videos – is the *connection* between the *science* and the *service*.

### FACILITATOR:

Rhonda McKillip, M.Ed., LMHC, MAC, CCDCIII, CDP is a national trainer and author of “The Basics Second Edition: A Curriculum for Co-Occurring Psychiatric and Substance Disorders” foreword by Kenneth Minkoff, MD. Ms. McKillip is a member of the international Motivational Interviewing Network of Trainers (MINTie), national NAADAC Approved Education Provider, and instructor for the Washington Institute for Mental Health Research & Training (WIMHRT). Ms. McKillip provides national onsite program development, consultation, and individual or group training on Dual Diagnosis and Motivational Interviewing in the agency setting. For more information, contact Rhonda McKillip at 509-258-7314, E-mail: [rmckillip@ix.netcom.com](mailto:rmckillip@ix.netcom.com), or through Web: [rhondamckillipandthebasics.com](http://rhondamckillipandthebasics.com)

Come join us for a work-shop, hands-on, and “train the trainers” atmosphere. Let’s collaborate on how to use **THE BASICS** and the accompanying “trainer packets” to provide support for service providers.
